

INTREAL Luxembourg –

Your gateway to the largest fund location in Europe

As the largest fund centre in Europe, Luxembourg enjoys an excellent reputation. Real estate funds are playing a prominent role in this market. As a specialist for real estate funds, the INTREAL Group also offers its long-standing expertise to the Luxembourg market.

INTREAL Luxembourg is licensed by the Luxembourg Financial Supervisory Authority (CSSF) as independent AIFM (Alternative Investment Fund Manager) and central administrator with focus on real estate and infrastructure funds as well as private debt funds and fund of funds for these asset classes. This allows us to launch and manage all investment solutions relevant for Luxembourg, such as SIF, RAIF and ELTIF. Luxembourg vehicles are flexible, can be structured in a tax-transparent way and are suitable for almost all international investors. The RAIF regime, for instance, offers investors an individually structured option to quickly enter into the world of real estate funds.

OUR ASSET CLASSES

All services from a **one-stop shop**

Our services are modular in structure, and can thus be adapted to the respective need of our regulated and unregulated clients/partners.

This provides initiators without a license of their own the opportunity to launch any investment structure that is permitted under the AIFM Directive for real estate and real estate-related asset classes such as infrastructure. In this set-up, INTREAL Luxembourg takes on the role of the AIFM, among other functions.

INTREAL Luxembourg may also solely assume the role of central administrator, allowing established AIFMs to focus on their core expertise in the area of fund management and investor acquisition.

Our qualified local team can draw on the know-how of more than 500 employees in the INTREAL Group.

AIFM, CENTRAL ADMIN

- ◆ Key account support
- ◆ Investment strategy & transaction management
- ◆ Risk modelling & analysis
- ◆ Compliance
- ◆ Registrar and transfer agent (RTA)
- ◆ Director mandates
- ◆ Domiciliation und corporate services

*“As AIFM and central administrator,
we are your ideal partner for regulated real estate
and infrastructure vehicles in Luxembourg.”*

Rudolf Kömen, Conducting Officer
