IntReal Luxembourg S.A. Appoints Krzysztof Dudek to the Management Board as Conducting Officer

- ◆ Risk management expert with a proven track record
- ◆ Around 20 years of experience in the financial sector, including more than 10 years as conducting officer in Luxembourg
- ◆ Appointment marks another milestone in the ongoing internationalisation of INTREAL

IntReal Luxembourg S.A., a subsidiary of IntReal International Real Estate Kapitalverwaltungsgesellschaft mbH ("INTREAL"), has appointed Krzysztof Dudek as Conducting Officer with effect from 1 October 2025. As a member of the Management Board, he will be in charge of Compliance, Risk Management and Outsourcing Management, pending CSSF approval. He will therefore take over the tasks of Stephan Schilken who left the company on his own accord and by mutual agreement in order to pursue a new professional challenge.

Krzysztof Dudek is an expert with a proven track record and long-term experience in the Luxembourg fund industry, having served for over ten years as conducting officer with a focus on risk controlling and risk management, compliance and valuation, among other roles. He graduated with an M.Sc. in economics from the University of Gdańsk before starting his professional career as a credit/market risk analyst with GE Capital in 2005. In the following years, he assumed several specialist and executive roles with prestigious financial services companies, his focus being primarily on risk management. In 2013, he was appointed Head of Risk Management and Conducting Officer of MUFG Lux Management Company S.A. and put in charge of the risk management of more than 150 fund vehicles with a total volume of approximately 20 billion euros in assets under management. Between 2017 and his transfer to INTREAL, Dudek worked for EQT Fund Management S.à r.l. ("EQT Group"), also based in Luxembourg, as Risk Director and Conducting Officer, heading the company's Risk, Compliance, Valuation and IT units. From 2022 to 2023, he also served as Group Risk Director of the EQT Group.

Andreas Ertle, Managing Director at INTREAL and Chair of the Board of Directors of INTREAL Luxembourg, said: "With his long-term leadership experience, his international network and his comprehensive professional know-how, especially in the field of risk management, Krzysztof Dudek perfectly complements our senior management team in Luxembourg. His appointment to the Management Board marks yet another major milestone of INTREAL's consistent internationalisation strategy while building on its strong roots in Germany. Being integrated into the platform of the INTREAL Group enables INTREAL Luxembourg to offer an extensive service spectrum to international clients while having access to the resources of the entire group at all times."

About INTREAL

As a third-party AIFM, INTREAL concentrates its business in Germany on the launching and managing of regulated real estate funds on behalf of third parties. The platform lets clients take advantage of every service a third-party AIFM provides without having to form one of their own. Options include the launching of both open-ended and closed-end real asset funds or the outsourcing of AIFM back offices to INTREAL. Employing 545 staff, the INTREAL Group offers long-term real asset know-how along with detailed and highly professional fund management expertise.

In Luxembourg, the largest investment fund centre in Europe, INTREAL is represented by its subsidiary, INTREAL Luxembourg. INTREAL Luxembourg is an independent AIFM and central administrator for Luxembourg-domiciled real estate funds and other real asset classes such as infrastructure or private debt for German and international clients.

Through its subsidiaries, INTREAL Solutions and REAX Advisory, the company makes its comprehensive fund experience in the real asset sector available to other market players within the scope of best-practice consultancy. INTREAL Solutions provides consulting services in the IT sector, whereas REAX Advisory acts as management consulting firm, helping to organise processes and structures more efficiently, to cut costs, to manage risks or to develop and implement ESG strategies.

INTREAL collaborates with a large number of third-party fund partners to administrate 330 investment funds with a combined investment volume of c. 68.7 billion euros (all figures as of mid-year 2025).
